

Duke was a great friend to me a friend that will never be forgotten and could never be replaced. Duke was a great leader on the football field he kept the team up tight he was headstrong and gave it his all. He had an enormous kind and caring heart, a high spirit and a great sense of humor, he always had a smile on his face that would light up the world. No matter how mad I was or how hard I tried to hold it in he always pulled a laugh out of me leaving me forgetting my troubles and with a smile on my face. There's so much I could say on how great of a person Duke was. I'm going to miss hanging out with him, eating lunch with him, catching bus with him after school, playing basketball with him at his grandma's, playing football with him, listening to Duke sing, and so much more. I am glad to know and have been friends with such a great person. God bless.

Love,

Koten
