Waimea has lost a loving young man

**There are no words to describe
Our heartache and pain inside
Our children confused in agony
Over this mysterious tragedy
Alex touched so many people in different ways
Although his precious loving heart stayed the same
So loving, gentle and kind
A kind of friend hard to find
Our kids loved him back with all their might
And then came that Saturday night
We will NEVER be the same
Though we go on in pain
Bless him Dear Lord we pray
Give us strength to live one more Day**

Shirley,

**A mothers love so sacred and true
You are an inspiration just by being you
I know there is nothing to fill the emptiness
We will keep him in our hearts and memories**

**Aloha mākou iā lākou nui loa.
We love you guys so much**
