

Dearest, La Mar, Shirley, Kaleo, Awai and
Dukie,

As I sit here writing, my mind is taking me back to when Alex was at our preschool then it jumps, to him attending our A+ afterschool program. So many questions come to my mind and I erase them with the thoughts and memories of Alex, Dukie and Awai. He was always above his age level in thinking, his physical abilities and ideas. He was not always entrusted in the basics of "Homework", all

his mind was on when we were going outside to play "Football" or "Basketball". He was only in kindergarten, 1st grade level playing with the 4th, 5th + 6th graders. Dukie loved him, always called him "Al", and of course they idolized their big brother "Kaleo", their personal "bouncer". I have wonderful memories of Alex, ~~and~~ La Mar and Shirley you both raised four wonderful boys and Alex is definitely one of the 4 gems. God Bless you all!
with all our love
and aloha.
