

Aunt Shirley, Uncle Lamar, & Ohana ...

With deepest sympathy, we send our prayers, love, and support in every way. Duke will always be in our hearts, and will remain the very special person he was to so many people.

*During this time of grief and sorrow*

*Though it seems at times*

*there's no tomorrow,*

*Please know you're thought of*

*every day*

*And that prayers of hope*

Reese admired Duke, and looked for him every morning and afternoon at school, & it made her day to have him wave to her!... Knowing he was at the same school made her transition into her first year at kindergarten so much easier, and we are thankful for that! He will truly be missed but never forgotten. Our constant thoughts and prayers are with you, and please know that we are always here if we can be of any help you need. We love you and God Bless you...

Take good care
