

Dearest Duke,

You've always known me as Miss Piu,
and I knew you as that big little
2 year old that entered the door of
Small World Preschool. You were always
so hungry and we could never
correct you because you were so
darn cute. You brought alot of
joy to our Little Foots program, and
you and Austin were defenitely the
best Blues Brother impersonation. You
were always so respectful to me and
No matter where you saw me you
always embraced me with a hug
and kiss. I will miss that
tremendously. Duke, I know one day
we all ^{will} be together and we then can
embrace each other with a hug and
a honi!

Love & aloha
Miss Piu
